### ISO 45001:2018

Issue 3

Detailed Scope

- Provision of strategy, planning and coordination of the JRC activities, including resource planning, work programme, inter-institutional activities, international affairs and outreach as well as scientific development of the JRC, support on legal affairs and JRC quality assurance and evaluation.
- Provision of scientific research, knowledge and competence management activities to support EU policies in the fields of:
  - o Socio-economic and techno-economic areas.
  - o Energy efficiency, transport, climate and air quality.
  - o Protection of the environment and sustainable use of natural resources.
  - o Emergency preparedness, disaster management, cyber security and data protection, demographic change and migration.
  - o Health quality including chronic diseases, consumer products safety, food chain fraud and compliance.
  - o Nuclear safeguards and decommissioning of nuclear facilities.
- Provision of resource management in compliance with rules and regulations as well as site management support to JRC activities, comprising:
  - o Budget and accounting.
  - o Finance and procurement.
  - o Site development.
  - o Safety, security and site management (including logistics, maintenance and environmental management).
  - o ICT support.
- Provision of EC hosted services for:
  - o Management of social infrastructure (including catering services, childcare, lodgings and clubhouse).
  - o Medical surveillance.
  - o Illness rights administration.
