EUROPEAN COMMISSION JOINT RESEARCH CENTRE PETTEN SITE

Issue 1

Detailed scope

Execution and management of institutional and competitive research activities to support European policy-making.

This includes:

Provision of scientific research, knowledge and competence management activities to support EU policies in the fields of:

- Energy, transport and climate.
- Nuclear safety and security.

Provision of Site Management and Support Services in compliance with rules and regulations to facilitate the current and future scientific activities, comprising:

- Site Management (including site development and planning).
- Safety, security and environment.
- Realisation and maintenance of infrastructures.
- ICT support.
- Budget and accounting support.
- Finance and procurement support.
- Other Support Services (including library, post room, logistics, central store, and workshops).

Provision of EC hosted services for:

- Human resources (HR AMC.8).
- Medical surveillance.
