#### Anthony Fauci (URSA, NIAID Director):

"The issue of physical separation is important. Masks can help, but it's masks plus physical separation, and when you get congregations like we saw with the demonstrations, like we have said — myself and other health officials — that's taking a risk"; "Unfortunately, what we're seeing now is just an example of the kinds of things we were concerned about".

#### Fact checked: health-related claims

- Indian fact checkers debunk claims that the Health Department of the Government of Punjab of Pakistan has called for an immediate ban on poultry due to the presence of "deadly coronavirus" in it (thelogicalindian).
- Fact checkers debunk claims that inhaling hot steam and drinking hot tea four times a day cure COVID-19 (vishvasnews).

#### Fact checked: downplaying COVID-19

 Fact checkers debunk claims that the mortality rate of COVID-19 is negligible, compared to that of other diseases such as tuberculosis and cancer or that of traffic accidents (stopfake).

#### Fact checked: anti-China narratives

- Fact checkers debunk US President Donald Trump's claims that China "stopped it [the coronavirus] cold" from spreading from Wuhan to other parts of China "but they didn't stop it cold from coming to the United States, Europe and the rest of the world", reporting that China did not stop the coronavirus from spreading from Wuhan, where it originated, to other parts of China (factcheck).
- Fact checkers debunk claims that Germany sent a bill of 149 billion euros
  to China for the damage caused by the coronavirus pandemic, reporting that
  the bill was mocked up by a German tabloid newspaper and the German
  government had nothing to do with it (aosfatos).
