

The European Commission's Knowledge Centre for Global Food and Nutrition Security

An advanced knowledge base towards Zero Hunger in 2030

In 2017

WHY

About **124 million people** in **51 countries** faced food and nutrition crises

1 in 9 people in the world were undernourished

151 million children under 5 suffered from restricted physical development due to chronic malnutrition

WHAT

The Knowledge Centre supports the EU's commitment towards better food security and nutrition by:

Facilitating collaborative work on transversal topics

Helping provide and translate scientific results into policies

HOW

We collect, analyse and visualise data

We foster cross-sectoral dialogue to develop evidence-based solutions for EU policies

We provide a unique entry point to information and knowledge

WHO

EU Services

United Nations agencies & international partners
