

EIT Health at a glance

EU4TECH Conference

Belgrade 15-16 October 2019

Dr. Katalin Szalóki, PA Lead

Together for healthy lives in Europe

What do we strive for?

Strengthening healthcare systems in Europe

Promoting better health of citizens

Contributing to a sustainable health economy in Europe

EIT Health is a network of best-in-class health innovators backed by the EU

Regional structure:

- HQ: Munich
- UK/Ireland CLC (London)
- Scandinavia CLC (Stockholm)
- Spain CLC (Barcelona)
- France CLC (Paris)
- Germany/Switzerland CLC (Mannheim and Heidelberg)
- Belgium/Netherlands CLC (Rotterdam)
- InnoStars CLC (Budapest) covering activities in: Hungary, Italy, Poland, Portugal, and RIS eligible countries with currently 14 Hubs in 13 countries

● Co-Location Centres ● InnoStars ● Headquarters

A strong partnership across Europe

CLC UK/Ireland

CLC Belgium/Netherlands

CLC Spain

CLC Scandinavia

CLC Germany

InnoStars

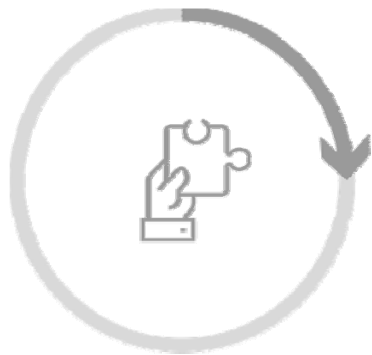

CLC France

Let's take a closer look at what EIT Health does

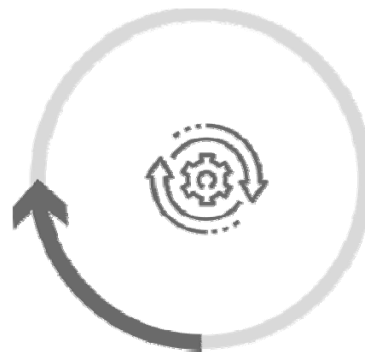

- We **facilitate** innovation in programmes, workshops, and initiatives.
- We **collaborate** on international projects – incubating ideas, forming start-ups, and disseminating our findings in the media, events, and publications.
- We **create** new products and services for healthy lives in Europe.
- And we **educate**, too: in citizen engagement activities, innovation programmes, and skill development trainings.

We facilitate.

We collaborate.

We create.

We educate.

Access to **knowledge**.

Access to **stakeholders**.

Access to **market**.

Access to **finance**.

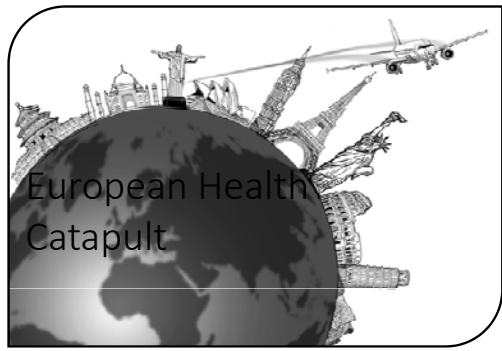

What can we offer our
partners and
stakeholders?

The InnoStars Startup Journey

BUSINESS IDEA
COMPETITION

You only need an idea!

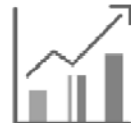

European Health
Catapult

For companies having numerous
customers and ready for an
international Start-up competition

IDEATE!

SCALE-UP!

VALIDATE!

SCALE-OUT!

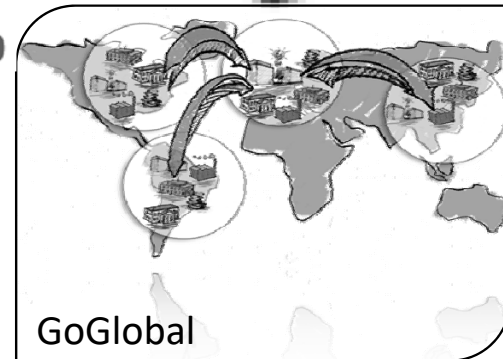

InnoStars Awards

Apply with prototype or MVP ready to
be launched on the market.

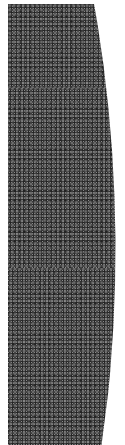

Headstart Competition

Shorten time-to-market for
innovative products and services

GoGlobal

Ready to conquer overseas
markets?

RIS cooperation – Western Balkans inclusion

- **Currently 14 RIS Hubs**
 - At **Innostars we consider Western Balkans region a highly important area** for future cooperation where innovation is unfolding
 - We are **ready to share experiences**, set up common programmes and transfer our knowledge
 - Possible field of cooperation could be to involve potential stakeholders from Western Balkan countries to EIT Health Innostars community
 - Sharing concrete programmes
 - Cooperating within EIT Health network – knowledge triangle
- 

Let's discuss how we can collaborate
