

European Union EXPORTS MEAN JOBS

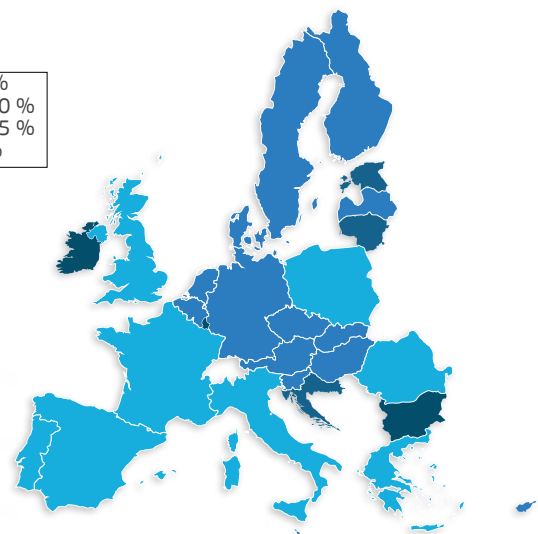

EU exports support
36 million jobs*, up two thirds from 2000.
Nearly **14 million** of these workers are **women**.

1 in 7 jobs
in the EU depends on exports.

Exports support **jobs in both services and manufacturing**

EU exports support a significant share of jobs
in all countries across the EU.

Exports create **opportunities for everyone**, both skilled and unskilled workers. These jobs are better paid on average.

Joining forces benefits all of us!

Thanks to the EU Single Market, one fifth of the export-supported jobs are located in a different Member State than the one exporting.

Last but not least, EU exports support **20 million jobs outside the EU**, including many in developing countries.
