

European Radon Week 2020

24-28 February 2020

BEV, Vienna, Austria

The European Radon Week 2020 will combine **three workshops** and is addressed to national authorities, the scientific radon community, industry and all other experts interested in radon. The European Radon Week will give an overview of the work and research done in Europe, especially in the field of harmonisation of radon measurement methods, radon priority areas, mapping and communicating radon data. Invited experts will present results and experiences, but much time will be reserved for discussions.

Attendees can participate either in one, two or all three workshops.

European Radon Association (ERA) Workshop:

Radon Research in Europe

24 February 2020

The ERA workshop will highlight radon research efforts in Europe. Radon research project leaders will present their projects. Also, the workshop will provide the opportunity to discuss future research needs.

MetroRADON Workshop:

Harmonisation of radon measurement methodologies and radon priority areas - results of the MetroRADON project

25-26 February 2020

The overall objective of the EMPIR-project “MetroRADON-Metrology for Radon monitoring” project is to enable traceable monitoring at low radon activity concentrations in support of the European Council directive 2013/59/EURATOM (EU-BSS). In this workshop the results of the project will be presented and discussed, focusing on the comparison and harmonization of radon surveys, measurement methodologies and concepts and methodologies for radon priority areas in Europe. Also, the influence of thoron on radon measurements will be addressed. (More about the project: www.metroradon.eu)

Joint Research Centre (JRC), European Commission Workshop:

Technical solutions for displaying and communicating indoor radon data

27-28 February 2020

The JRC Workshop aims at discussing technical solutions applied in mapping indoor radon data and communicating the results to the population (website, etc.) and at exploring possible harmonization of these solutions at the European level.

Venue:

Bundesamt für Eich- und Vermessungswesen (BEV), Schiffamtsgasse 1-3, 1020 Wien, Austria

www.bev.gv.at

Preliminary Program:

	Monday, 24.2.2020	Tuesday, 25.2.2020	Wednesday, 26.2.2020	Thursday, 27.2.2020	Friday, 28.2.2020
Morning		<i>MetroRADON Workshop</i> Results of WP2 - Influence of thoron on radon measurements	<i>MetroRADON Workshop</i> Results of WP4 – Radon priority areas	<i>JRC Workshop</i> Indoor radon mapping: Regional-National experiences	<i>JRC Workshop</i> Communicating radon data Discussions
Afternoon	<i>ERA Workshop</i> Radon research in Europe ERA Annual General Assembly	<i>MetroRADON Workshop</i> Results of WP3 - Comparison and harmonisation of radon measurement methodologies in Europe	<i>MetroRADON Workshop</i> Discussions of results and future activities	<i>JRC Workshop</i> Indoor radon mapping: Regional-National European experiences Discussions	

A more detailed program will follow later!

Registration:

The number of participants is limited to 100!

Registration should be done online.

There is no fee for MetroRADON and JRC workshop.

Fee for ERA workshop: free for ERA members, 50 Euro for non-ERA members

Helpful additional information:

To reach the venue...

To get to BEV, take U4 or U2 to Schottenring and take the exit “Herminengasse”. In case you take U4, in station Schottenring follow the signs to U2 first and take exit “Herminengasse”. After a short walk you will reach BEV.

Check out www.wienerlinien.at for more information.

If you arrive by plane...

The Vienna International Airport (VIE) in Schwechat is about 20 km south-east of Vienna.

Transportation available at the airport:

- Train S7 to Landstraße/Wien Mitte (www.oebb.at)
- Bus Service Vienna Airport Lines (Travel time approx. 35 minutes)
- City Airport Train (CAT)
- A Taxi stand is right in front of the Arrival Hall (approx. 40 €, approx. 30 min travel time)

If you arrive by train...

If you arrive by train at Wien Hauptbahnhof you can take the subway U1 in direction Leopoldau to Karlsplatz and change to line U4 in direction Heiligenstadt. Go to station “Schottenring”.

Hotels

There are a lot of hotels in Vienna. For visiting BEV, direct access to subway lines U2 and U4 is useful. You can book them via online-platforms, e.g. www.booking.com

Here are some hotel suggestions in the city centre that are very conveniently located for visiting BEV.

Hotel de France, Schottenring 3, 01. Innere Stadt, 1010 Wien, 14 min on foot

Hotel Mercure Wien City, Hollandstraße 3, 02. Leopoldstadt, 1020 Wien, 6 min on foot

Meininger Hotel Downtown Sissi, Schiffamtsgasse 15, 02. Leopoldstadt, 1020 Wien, 3 min on foot

Meininger Hotel Downtown Franz, Rembrandtstraße 21, 02. Leopoldstadt, 1020 Wien, 6 min on foot
