1. **Introduction**

The European Commission (hereafter ‘the Commission’) is committed to protect your personal data and to respect your privacy. The Commission collects and further processes personal data pursuant to Regulation (EU) 2018/1725 of the European Parliament and of the Council of 23 October 2018 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data (repealing Regulation (EC) No 45/2001).

This privacy statement explains the reason for the processing of your personal data, the way we collect, handle and ensure protection of all personal data provided, how that information is used and what rights you have in relation to your personal data. It also specifies the contact details of the responsible Data Controller with whom you may exercise your rights, the Data Protection Officer and the European Data Protection Supervisor.

The information in relation to processing operation “Management of interim staff (JRC Geel, Karlsruhe, Petten and Seville)” undertaken by HR.E.4 is presented below.

2. **Why and how do we process your personal data?**

To ensure business continuity and to provide temporary solutions for critical staff absences at the Joint Research Centre (JRC) sites in Geel, Karlsruhe, Petten and Seville, framework contracts have been concluded or vendors list have been established with national employment agencies to recruit interim agents. During the stay, the interim agent will perform the tasks defined in the job description.

**Purpose of the processing operation:** to organise the selection procedure for interim agents and to manage your stay on a JRC site.

Your data will be transmitted through electronic mail, through ARES, the common information system used by all the Commission's Services or shared drives with restricted access.

Your data are stored electronically and/or physically (on paper). Electronic archives (including ARES, Outlook and shared drives) are only accessible to staff members of Unit HR.E.4. Paper archives are in a locked room.

Your personal data will not be used for an automated decision-making, including profiling.

3. **On what legal ground(s) do we process your personal data?**

We process your personal data pursuant to

- Article 5(1)(a) of Regulation (EU) 2018/1725, because processing is necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in the Union institution or body.
- Article 5(1)(c) of Regulation (EU) 2018/1725, because processing is necessary for the performance of a contract to which the data subject is party or in order to take steps at the request of the data subject prior to entering into a contract.
The Basis for the processing is laid out in:

- Commission Decision C(2004) 1597 of 28 April 2004 on the maximum duration for the recourse to non-permanent staff in the Commission services, in particular Article 1(2)(c) and (d).
- Agency staff are not Commission employees: They are not subject to the Staff Regulations or the Conditions of Employment of Other Servants of the European Union (CEOS). They have a contract of employment with a temporary agency which makes them available to the Commission under the conditions laid down by the laws and regulations in force in the Member States where the JRC sites are located. Framework contracts have been concluded or vendors list have been established with national employment agencies to recruit interim agents on the JRC sites.

The processing concerns special categories of data. Interim agents are requested to provide a certificate of fitness for work where specific working conditions apply (access to nuclear/restricted areas, laboratory work and/or other special circumstances) or where required by national law.

The processing concerns data related to ‘criminal convictions and offences' when required for access to JRC premises, and/or to restricted areas and data. The activity associated with providing access to JRC premises is already covered by separate notifications.

If, as a selected interim staff, you would communicate health data relating to special needs (e.g. regarding physical access to buildings and physical mobility), then such information would also be processed for the purposes of organising the logistics and relevant office arrangements.

4. Which personal data do we collect and further process?

In order to carry out this processing operation Unit HR.E.4 collects the following categories of personal data:

At the Selection phase:

- Surname, first name, date and place of birth, gender, nationality, telephone number, (e-mail) address;
- The curriculum vitae of candidates, including their motivation;
- Education, university degree / diploma, date of award of degree, length of professional experience;
- Languages (and level).

At the management phase:

- Copy of passport/ID;
- Criminal record;
- Certificate of fitness for work;
- Certificates of training received by the worker on the prevention of occupational health and safety risks;
- Information on health and safety risks specific to the position;
- List of names from Staff with occupational health and safety responsibility on the JRC sites;
• Request to order and purchase order;
• Proof of social security cover;
• Timesheets;
• Invoices.

The provision of personal data is mandatory to meet a contractual requirement necessary to be recruited. If you do not provide your personal data, the recruitment cannot be finalised.

5. **How long do we keep your personal data?**

The Unit HR.E.4 keeps your personal data for the time necessary to fulfil the purpose of collection or further processing, namely for 50 years after the end of the contract. The file contains the request (form and attachments), criminal record, fitness for work sheet, certificates of health and safety training, request to order and purchase order. All other documents are eliminated after 10 years. Personal data relating to interim staff that was not selected, or withdraw the application is kept for maximum 2 years.

6. **How do we protect and safeguard your personal data?**

All personal data in electronic format (e-mails, documents, databases, uploaded batches of data, etc.) are stored either on the servers of the European Commission. All processing operations are carried out pursuant to the Commission Decision (EU, Euratom) 2017/46 of 10 January 2017 on the security of communication and information systems in the European Commission.

In order to protect your personal data, the Commission has put in place a number of technical and organisational measures in place. Technical measures include appropriate actions to address online security, risk of data loss, alteration of data or unauthorised access, taking into consideration the risk presented by the processing and the nature of the personal data being processed. Organisational measures include the application of the correct restricted markings in ARES, the use of encryption (SECEM) and restricting access to the personal data solely to authorised persons with a legitimate need to know for the purposes of this processing operation.

7. **Who has access to your personal data and to whom is it disclosed?**

Access to your personal data is provided to the Commission staff responsible for carrying out this processing operation and to authorised staff according to the “need to know” principle. Such staff abide by statutory, and when required, additional confidentiality agreements.
